# INDUSTRIAL DESIGN PROGRAM

## OCTOBER 24 - DECEMBER 14

Tuesday/Thursday 5:00 pm - 9:10 pm  
Friday 10:00 am - 2:00 pm Career Preparation

### LOS ANGELES HARBOR COLLEGE

## Career Advancement Academy

# Do you have a desire to make things?

The Industrial Design Program offers a **FOUNDATIONAL** for credit course, industry related activities and career preparation for those interested in the **design process**. The course introduces a variety of manufacturing methods for **product and furniture design** using AutoCAD and SolidWorks software, 3-D printers, plasma and laser cutters, injection molder, tensile tester and more.

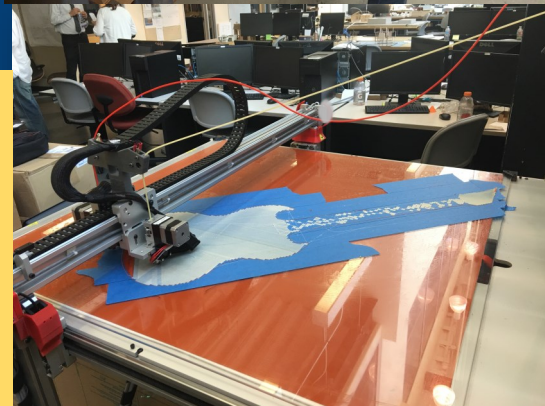

- CAA pays for course, books and supplies
- Learn industry skills, earn college credit & Certificate of Completion
- Hands-on work with equipment and machines
- Contextualized activities & career preparation
- Industry field trips & guest speakers
- Support with Ed Plan and Spring course enrollment

**Eligibility: 18+, must attend an information session and attend program everyday**

## EDUCATION CHANGES EVERYTHING!

**REGISTER TODAY to attend an information session:**
