

Californians Need  
YOU!!

Vaccinate ALL 58

## Join Us Helping California's Most Vulnerable Get Vaccinated!

iFoster TAY AmeriCorps Members are joining the fight against COVID-19! We will ensure vaccine roll-out happens with equity and prioritizes our most vulnerable populations - current/former foster youth, foster/kinship families, front-line workers, low income, Hispanic, African American, and new immigrants.

Members will conduct outreach, inform residents of the need to vaccinate, and help vulnerable residents schedule vaccination appointments.
