iFoster with our TAY AmeriCorps team of current and former foster youth invite you to celebrate Foster Care Month with us. Thanks to the Irvine Foundation, we are unveiling a portable 8 foot x 8 foot mural celebrating Foster Youth. World-renowned artist (and former foster youth) ENKONE has created works for Jay-Z, Kobe Bryant, Nipsey Hussle, and National Black History Month. **On May 7, ENKONE will unveil his latest mural celebrating FOSTER YOUTH along with the release of the Voice of the Foster Care Community report.**

ENKONE will help over 1,500 youth artists from across the nation create their own works celebrating their community. Put on my our TAY AmeriCorps peer mentor team using SNAP's new ohay! platform, artists will enjoy immersive metaverse worlds in which to create and take photos of their work.

Youth art will travel with ENKONE's mural to be featured in an exhibition on the National Mall in D.C. May 17!
